APARTMENTS

LIVE IN
PERFECT SYNC

TWIN TOWERS

The name '**Twin Towers**' has been thoughtfully envisioned by AARV Developers to embody the project's core concept: two identical towers rising side by side in perfect harmony. Designed to offer a connected living experience, the towers gracefully converge at the 9th floor with a beautifully crafted shared space. This

elevated area will feature a terrace garden, yoga room, indoor kids' play area, and a theatre with comfortable seating, creating a unique blend of vertical community living and open-air relaxation. **Twin Towers** stand as a symbol of symmetry, shared experiences, and thoughtfully designed urban living.

A NEW LANDMARK IN VERTICAL LIVING

In a fast-moving world, a home should be a space where time slows down, where every moment feels effortless, every detail is intentional, and every day feels well-lived.

Welcome to Twin Towers, an upcoming project by AARV Developers, spread over approximately 2 acres of prime land on High Ground Road, Zirakpur. Strategically located on the Zirakpur-Patiala Highway, Twin Towers is a statement of class, with 108 luxury residences set within two iconic S+14 towers, comprising 54 apartments each, featuring spacious 3-

BHK homes along with 11 exclusive 1-BHK apartments.

What sets it apart isn't just the height; it's the landscaped sky corridor on the 9th floor connecting both towers. This unique feature creates a shared space for families, neighbours, and quiet moments.

At its core, Twin Towers is about thoughtful planning. You'll find natural light in every room, excellent cross ventilation, smart layouts, and a neighbourhood that complements your routine instead of disrupting it.

THE VISION BEHIND THE PROMISE

AARV Developers is redefining the Tricity's real estate landscape with projects that go beyond walls and square feet to create experiences worth living. At the helm is visionary leader **Mr. Arundeeep Singla**, a pioneer, successful entrepreneur and multiplier of possibilities, believes that real estate is not just about constructing buildings, but about shaping stories.

Rooted in trust and driven by a passion for innovation, AARV Developers focuses on crafting spaces that are aesthetically refined, sustainably built and strategically located. From the careful selection of prime sites, to the intricate detailing of interiors, every decision is made with the resident in mind, ensuring comfort, convenience and pride of ownership.

RAISING THE BAR OF LUXURY LIVING

What sets **Twin Towers** apart is not just the height of this iconic landmark, but also the thoughtful vision that rises with every floor.

From open-air terraces and elevated greens to seamless natural light and breezy ventilation, each element is designed to enhance lifestyle and well-being.

Twin Towers nurtures a sense of belonging; where casual hellos turn into lasting connections and shared spaces spark quiet joy.

At its heart, **Twin Towers** is more than a home. It is a thoughtfully crafted vertical community built with precision, purpose and a deep understanding of everyday life.

COMFORT HAS A NEW ADDRESS

Twin Towers keeps you effortlessly connected to everything that matters, while still offering the comfort of peace and privacy.

- ▶ **2 mins from Patiala-Zirakpur Highway**
- ▶ **5 mins from Ambala-Chandigarh Highway**
- ▶ **10 mins from Chandigarh International Airport**

Enjoy the convenience of city life and the calm of a location designed for balance.

From daily commutes to school drop-offs and weekend getaways, you're always just minutes away from comfort.

YOUR WORLD, WITHIN MINUTES

Far enough to escape the city noise, close enough to experience unparalleled connectivity. Mohali, Chandigarh, Panchkula and all major transit hubs are a short drive away.
